We ♥
Golf
Åland

Which course will be your favourite?

Åland has a place of its own on the Nordic golfing map.

From May and on into October golfers from east and west come to play at Åland's two golf clubs, the Åland Golf Club in Kastelholm and Eckerö Golf, with their three 18-hole courses and one short course between them. Here in Åland distances are short so there's no problem trying out both. The courses offer varied play and opinion is divided as to which is the best. Which of them will become your favourite?

Our golf packages are sure to whet your appetite – first the voyage with duty-free shopping, good food and entertainment, followed by golf in the mild fresh air of the archipelago, all rounded off with a great relaxing evening. Stay in your own cottage or in a hotel in Mariehamn with restaurants and evening entertainment on the doorstep.

Grab a chance to improve and touch up on your game in Åland! Pros give lessons for beginners and elite players and courses are run for those with green cards.
